

LOKO

RIVESTIMENTO IN TESSUTO · *FABRIC COVER*

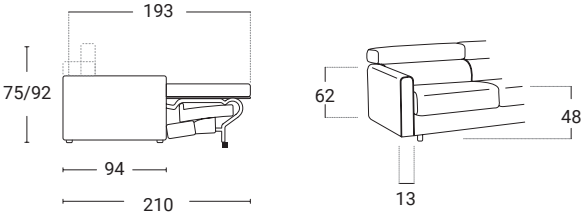

Completamente sfoderabile · *Fully removable cover*

Finitura bracciolo con cordoncino in contrasto disponibile nei seguenti colori: BIANCO - NERO - GRIGIO - TORTORA - MOKA.

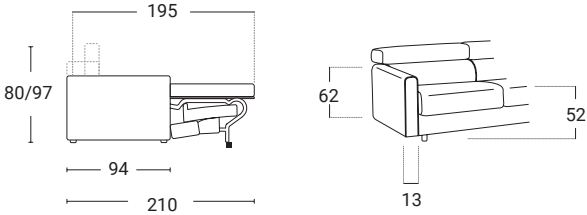

Contrasting trim finish on the armrest available in the following colours: WHITE - BLACK - GRAY - TAUPE - MOCHA.

SCHEDA TECNICA · *TECHNICAL DATA*

DIVANO CON MATERASSO H. 13 CM
SOFA WITH MATTRESS H. 13 CM

DIVANO CON MATERASSO H. 18 CM
SOFA WITH MATTRESS H. 18 CM

INFORMAZIONI TECNICHE

Divano senza vano portaguanciali.

Braccioli, schienale e pannello frontale sono removibili.

Struttura: in multistrato e particelle di agglomerato di legno, rivestiti con fibre resinate.

Cuscino seduta: in poliuretano espanso densità 25 kg/m³ ricoperto con fibre resinate da 200 gr.

Cuscino schienale: in poliuretano espanso densità 18 kg/m³ ricoperto con fibre resinate da 200 gr. Sono dotati di un meccanismo a scatti che regola le posizioni del poggiatesta.

Piedi: in metallo verniciato colore grigio manganese h. 7 cm.

Meccanismo certificato CATAS: a due pieghe con sistema di apertura rapido senza dover asportare la cuscinatura. Si raccomanda di controllare che gli schienali siano in posizione verticale prima di iniziare l'apertura. Il piano letto è elettrosaldato, mentre nella zona della seduta sono inserite delle cinghie elastiche che donano maggior comfort.

Consigliamo di non lasciare la biancheria all'interno del divano letto chiuso: ingombri diversi da quelli che i nostri tecnici hanno considerato in fase di progettazione, con il tempo, potrebbero danneggiare la rete stessa.

TECHNICAL INFORMATION

Sofa without pillowcase.

Armrest, backrests and front panel are removable.

Structure: made of plywood and particle board covered with resinous fibres.

Seat cushions: made in polyurethane foam density 25 kg/m³ covered with 200 g resin fibres.

Backrest cushions: made in polyurethane foam density 18 kg/m³ covered with 200 g resin fibres. They are equipped with a step mechanism that adjusts the various position of headrest

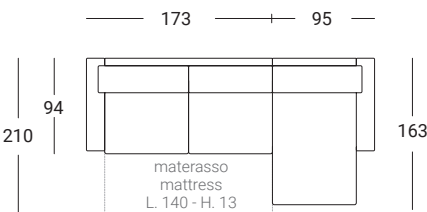

Feet: manganese grey varnished color metal h. 7 cm.

Mechanism CATAS certificate: two-fold with quick opening system without having to remove the cushions. It is recommended to check that the backrests are in the upright position before starting to open them. The bed base is electrowelded, while elastic straps are inserted in the seat area for greater comfort.

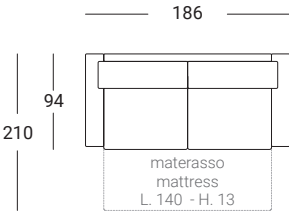

We recommend that you do not leave your laundry inside the closed sofa bed. Different loads from those considered by our technicians during the design phase could damage the bed base over time.

RETI ELETTROSALDATE DEI DIVANI A LETTO

I nostri meccanismi sono certificati CATAS.

CATAS è l'istituto italiano per la certificazione, ricerca e prove nel settore legno e arredo riconosciuto a livello internazionale.

I test superati in riferimento alla normativa europea EN 1725 sono:

- Requisiti generali di sicurezza EN 1725: 1998 par. 6;
- Stabilità EN 1725: 1998 par. 7.2;
- Resistenza fatica verticale EN 1725: 1998 par. 7.3
- Resistenza all'urto verticale EN 1725: 1998 par. 7.4;
- Fatica verticale del bordo EN 1725: 1998 par. 7.5;
- Carico statico verticale EN 1725: 1998 par. 7.6;
- Carico verticale sui longheroni EN 1725: 1998 par. 7.7;
- Prova di durata del meccanismo EN 13759: 2012 - fino a 2.000 cicli.

MANUTENZIONE

Oliare almeno due volte l'anno i leveraggi della parte meccanica di movimentazione. La mancata lubrificazione dei leveraggi può portare ad un cigolio del meccanismo.

Rimuovere periodicamente polvere e sporcizia dalle parti meccaniche.

Inserire un salva materasso tra il piano letto e il materasso per evitare danneggiamenti al rivestimento del materasso provocati dai componenti del meccanismo.

SOFA BED'S ELECTROWELDED MESH

Our mechanisms are CATAS certified.

CATAS is the Italian institute for certification, research, and testing in the wood and furniture sector, recognized internationally.

The tests passed in accordance with European standard EN 1725 are:

- *General safety requirements EN 1725: 1998 par. 6;*
- *Stability EN 1725: 1998 par. 7.2;*
- *Vertical fatigue resistance EN 1725: 1998 par. 7.3*
- *Vertical impact resistance EN 1725: 1998 par. 7.4;*
- *Vertical edge fatigue EN 1725: 1998 par. 7.5;*
- *Vertical static load EN 1725: 1998 par. 7.6;*
- *Vertical load on side rails EN 1725: 1998 par. 7.7;*
- *Mechanism endurance test EN 13759: 2012 - fino a 2.000 cicli.*

MAINTENANCE

Lubricate the mechanical movement levers at least twice a year. Failure to lubricate the levers may cause the mechanism to squeak.

Periodically remove dust and dirt from the mechanical parts.

Place a mattress protector between the bed base and the mattress to prevent damage to the mattress cover caused by the mechanism components.

MATERASSI DEI DIVANI A LETTO

SOFA BED'S MATTRESS

MATERASSO H. 13 CM

MATTRESS H. 13 CM

- Materasso in poliuretano densità 25 kg
- Rivestito in tessuto 100% poliestere
- Disegno geometrico trapuntato
- Bordo perimetrale

- *Polyurethane mattress, density 25 kg*
- *Covered in 100% polyester fabric*
- *Geometric quilted pattern*
- *Perimeter edging*

MATERASSO H. 18 CM

MATTRESS H. 18 CM

- Materasso in poliuretano espanso, densità 25 kg
- Rivestito in tessuto jacquard trapuntato 250 gr (sopra)
- Rivestito in tessuto jacquard liscio (sotto)
- Disegno trapuntato "onda"
- Bordo perimetrale

- *Polyurethane foam mattress, density 25 kg*
- *Upholstered in 250 g quilted jacquard fabric (top)*
- *Upholstered in plain jacquard fabric (bottom)*
- *'Wave' quilted pattern*
- *Perimeter edging*
